The Self-build Secret

Shush! The self-build secret is what makes Vitality pools so affordable. By building a private pool for your family, you save thousands of pounds without compromising quality – enjoying a luxury leisure lifestyle at a fraction of the usual cost. However, unlike high street alternatives we're leisure experts. Rest-assured, when you purchase a pool from us we can answer any questions you have about installation, construction and future maintenance.

The Vitality Difference

Vitality Pools are more affordable than most – even though they're made from better-quality pressure-treated timber so you can install your pool above or below ground. As pool specialists, we offer premium, built-to-last materials at the best prices, meaning your pool will look beautiful and function perfectly for years to come.

Why not enhance your pool further with our Retro-fit **Swim Jet**. Turns your pool into a great workout facility for all the family. Add this for just **£999.00**.
