POLYPOOL™

HEAT RETAINING SWIMMING POOLS

Distributed exclusively by Certikin, the UK's leading pool and spa supplier

UK Pool & Spa Awards – Energy Efficiency ECO Award 2023 Winner

FULLY CUSTOMISABLE

You choose the fittings you want & where you want them to go, we will install them for you. All you have to do is put the system together and connect your pipework, saving time and hassle. We can provide for any wall depth.

UNRIVALLED HEAT RETENTION

Polypools are 8 times more efficient at keeping heat in than your average double-glazed window. Customer's pools will heat up much faster and retain the heat for longer.

FAST INSTALLATION

4 - 6 hour installation time for pools from 3m up to 15m in length, saving more time for more projects.

CHEAPER RUNNING COSTS

Due to its high heat retaining design, Polypools will maintain water temperature with reduced energy usage, which is vital with the rising energy costs.

HELPING OUR PLANET

By reducing the energy consumption through less heating needs, we are contributing to helping our planet.

FAST TURNAROUND

With an easy and straight forward ordering process, your Polypool can be ready within three weeks. All manufactured in the UK.

ALL PROJECTS

Polypools are suitable for all types of projects, from indoors to outdoors, to inground, partially inground or above ground pools, dependant on site conditions.

TRAINING AND SUPPORT

We will send our technicians to support you on your first Polypool installation and guide you through the simple process. On the following installs, we offer free video call support should you need it at any point.

QUALITY FOCUSED

Each Polypool is quality checked before delivery.

EXCEEDS REGULATIONS

Polypool goes beyond the regulations for Part L compliancy.
